Science

WORK EXPERIENCE

Power Platform Developer

Eagle Hill Consulting | 07/2022 - Present

- Led the development of a Power Apps ticketing system with SharePoint Lists and Power Automate to enhance inquiry request processes, streamline resource allocation, and reduce email traffic while enforcing Application Lifecycle Management (ALM) processes.
- Developed a business development (BD) tracker with Salesforce, Power Apps, and Power Automate to streamline end-of-year performance assessments and minimize licensing costs by automating real-time access to BD data for non-Salesforce users.
- Streamlined client satisfaction data into a dynamic and user-friendly Power BI report with data modeling to reduce significant time in manual data analysis.
- Coordinated a SharePoint migration plan while demonstrating ability to engage with stakeholders, understand business needs, and translate them into technical solutions.

Junior Software Developer

Washington Software | 11/2021 - 06/2022

- Administered a clinic check-in dashboard built with Power Canvas App, Dataverse, and Twilio, streamlining patient check-in processes and improving operational efficiency by performing ongoing support, resolving client issues, and ensuring smooth system functionality.
- Developed impactful data visualizations powered by employee data from SQL Server and integrated into the client's SharePoint HR dashboard, enabling HR teams to make data-driven decisions and optimize workforce management.
- Implemented and maintained a responsive design using HTML and CSS, improving user experience and accessibility across devices, resulting in higher engagement and better user retention on the legacy website.

Intern Software Developer

Happy Mobility | 05/2021 - 09/2021

- Performed enhancements to webpages using HTML and CSS to improve user experience and drive customer engagement.
- Collaborate with the stakeholder to transform UI/UX designs into functional web pages to promote seamless user interactions and help the business deliver content with brand goals.
